Thanks! Brian

S I R:

In response to the Office Action dated May 21, 2003, please
amend the ~~above~~ identified application as follows:

IN THE CLAIMS:

Claim 1 (currently amended): A catheter assembly for placing
within a body, the catheter assembly comprising:

a flexible hollow body defining a length between a top end
and a bottom end wherein the top end is closed and wherein the
top end tapers to a cylindrical tube;

a diameter defined by the cylindrical tube;
a width defined by the bottom end of the flexible body
wherein the width is greater than the diameter;

a locking mechanism located on the bottom end of the
flexible body;

a first notch located a distance from a point at which the
top end meets the cylindrical tube;

a second notch located a distance from the bottom end;

a cylindrical body defining a cross with a length defined
between a pointed end and a flat end;
